Introduction

- Founded in 1999, Medigroup is a dynamic organization with a specialization in physiotherapy equipment sales, manufacturing, and consultancy services.

We seamlessly integrate healthcare expertise with business acumen and marketing strategies.

Collaborating closely with prominent medical experts, we are dedicated to delivering top-notch quality and exceptional service to well-respected institutions.

P artnerships

We build our partnership relations with long term vision, we are constantly seeking reliable partners for our global partnership network.

Medigroup began its journey in partnership with BTL, proudly representing the brand in Egypt for 25 years. This long-standing collaboration played a key role in introducing advanced physiotherapy and rehabilitation technologies to the Egyptian market, establishing Medigroup as a trusted industry leader. In recent years, BTL has shifted its global strategy from working through agents to establishing its own offices worldwide, marking the conclusion of this valued partnership.
